CHORUS:

A Steadfast Bridge gently supports me,
Constant and strong, through every furious storm.
A Steadfast Bridge swiftly transports me
Past raging waters on a path that's safe and warm.

Show the way, fill me with courage,
Help me to know there's an answer in my heart.
When I am weak, your strength sustains me.
Your love enfolds me, as you have loved me from the start.

CHORUS:

A Steadfast Bridge gently supports me,
Constant and strong, through every furious storm.
A Steadfast Bridge swiftly transports me
Past raging waters on a path that's safe and warm.

Carry me over the mountain,
Faithful friend, with unwavering trust and love.
You reach for me from across the widest river,
through deepest chasm to the furthest star above.

CHORUS:

A Steadfast Bridge gently supports me,
Constant and strong, through every furious storm.
A Steadfast Bridge swiftly transports me
Past raging waters on a path that's safe and warm.

Lift me up with sweet compassion
Patient and true, for you know I'll find my way.
The road I've walked may have often been in darkness,
But now I see you; your belief in me won't sway.

CHORUS:

A Steadfast Bridge gently supports me,
Constant and strong, through every furious storm.
A Steadfast Bridge swiftly transports me
Past raging waters on a path that's safe and warm.
